

CPOMS: The Universal Safeguarding Platform

Protect every pupil. Empower every team.
Simplify every process.

CPOMS helps schools, MATs, local authorities, and other organisations bring Universal Safeguarding to life. By uniting teams, processes, and systems into one secure platform, CPOMS makes it easier to protect students and ensure every child receives the care they deserve.

Universal Safeguarding Platform

CPOMS is the UK's leading provider of safeguarding, wellbeing, and pastoral software. Part of the Raptor Technologies family, CPOMS continues to grow its capabilities and partnerships to advance safeguarding and student wellbeing on a global scale.

The Urgency Is Clear

- **89% increase** in safeguarding referrals since 2020¹
- **2/3 of schools** report greater case complexity²
- **73% increase** in serious behaviour issues³
- **9 out of 10 teachers** report workload is impacting their mental health⁴
